The age grade a Junior rugby player participates at is based on the calendar year. It can be confusing to figure out the correct age grade as our season is split over two calendar years. It is similar to the school system where they move up a grade in the fall. Below are two formulas to help you calculate the appropriate age grade.

One formula to use is: Anyone who has their Xth birthday in 2022 is considered Under X in our 2022 season.

Example: A player who will turn 19 years of age during the 2022 calendar year is a U19 player in the 2022 season.

OR: Anyone who is X-1 years old on December 31, 2020 is considered to be Under X for the 2021 season.

Example: A player who is 15 years old on December 31, 2021 is considered to be U15 in the 2022 season.
